

Greetings to all our auditioners,

Thank you all for sharing your talent with us! We were blessed with remarkable performances at this audition and wish we could cast the show several times over to showcase the wonderful people who came to perform with us. We are looking forward to an excellent production.

We regret that we couldn't accept all of you. If you aren't on this list, please consider singing in the choir (MUSE 101) or performing in our one-acts (THTR 209) which will be selected to fit the talents of the people who register in the course. Both are excellent experiences that you are sure to enjoy.

If you are on this cast list and choose to accept your role, PLEASE REGISTER RIGHT AWAY! It is vital that you get registered this week. The viability of the program suffers if students don't enroll immediately. During this difficult time of severe budget cuts, programs with low enrollments cause a hardship to the college, and enrollment figures will be studied this week. I can't encourage you enough to get online and enroll for the class before you come to the first rehearsal. The call number you should use is listed before your group. If your name is listed twice, please use the first call number. Ngana and Caia should register non-credit with our office.

The first rehearsal for the entire cast is this Monday, August 18, at 6:30 p.m. in Sarah Winnemucca Hall. At that time, we will read through the script, discuss the characters and the concept for the show, assign lines that have no specific characters (there are many of them) and distribute scripts and schedules.
